WINDOW CLEANER

Mixing ratio

Trigger tab: 1 tab per 650 ML

pH: 7 after dilution

WARNING

Window cleaner

Eco-friendly, ready-to-use glass cleaner. Special formulation. Exceptional removal of dirt from glass, plastic, mirrors and washable surfaces. Removes grease and nicotine with ease. Dries clear as crystal and without streaking. The product is alkaline and conforms to guidelines with regard to its biodegradability. Tabs dissolve on contact with water. Do not open. Do not handle tabs with wet hands. Always store in closed packaging. Exclusively for professional use.

Directions for use

Trigger tab: put the tab into a 650ml spray bottle. Fill the bottle with water. Shake the bottle until the tab is completely dissolved.

Product sheet
